RE: Parent's Right to Know Information as requested by The Elementary and Secondary Education Assistance (ESA) and the Every Student Succeeds Act (ESSA).

Fell Charter School receives funds from **Title I, Part A Program**. Title I, Part A is a federal program designed to help children reach state achievement standards. Throughout the year we will be providing you with information about this law and your child's education. In receiving funds from this program, we are required to inform you, as the parents/guardians of the child attending our school: information is available to you regarding the professional qualification of your child's teacher(s). Information will be provided to you in a timely manner, upon request of the following:

\*whether your child's teacher has met PA qualification and licensing criteria for the grade level(s) and subject(s) taught

\*whether your child's teacher is teaching under an emergency or conditional certification through which state qualifications were waived

\*the undergraduate or graduate degree(s) your child's teacher holds, including graduate certifications and additional degrees, and major(s) or area(s) of concentration

\*whether your child is provided services by a paraprofessional and if so, his/her certification.

At Fell Charter School we are very proud of our teachers and believe that they are ready for the coming school year and are prepared to give your child a quality education. As a Title I school, we comply with ESSEA.

The ESSA which was signed into law in December 2015 and reauthorizes the ESA includes additionally right to know request. At any time, parents/guardians and family members can request: Information on policies regarding student participation in assessments and procedures for opting out and information on required assessment that include: subject matter tested, purpose of the test, source of the requirement (if applicable), amount of time it takes students to complete the test and time and format of disseminating results.

Our staff is committed to helping your child develop the academic knowledge and critical thinking skills she/he needs to succeed in school and beyond. This commitment includes adhering to PA state requirements.
