SCRANTON PREP'S HIGH ACHIEVEMENT PROGRAM

for students entering
6th, 7th, or 8th grades

Monday - Thursday,
June 23 through July 24
8:30 am - 2:45 pm

Scranton Preparatory School

OUR MISSION

As a transformative middle-school experience for high-achieving students, Scranton Prep's BUILD Higher Achievement Program enriches creative and critical thinking, encourages compassionate and cultured responsibility, and enlivens curious and charismatic faith.

We serve!

OUR PRACTICE

BUILD is an educational and leadership program that invites middle-school students to lay the foundation for their futures. Through a unique five-week enrichment program guided by full-time faculty from Scranton Prep and other area schools, students experience cura personalis - care for the whole person - through rigorous courses in Mathematics, Reading, and Writing, through leadership and counseling workshops, and through mini-courses in music, art, theater, athletics, nutrition, science, and technology. BUILD provides students a chance to build academically, socially, emotionally, and spiritually.

We care!

We discover!

We study!

We

ACADEMICS

Every morning, students take three courses designed to improve their academic performance in their school years ahead as well as on the High School Placement Test (HSPT).

MATHEMATICS

- Develop skills covered in 6th grade and explore topics covered in 7th and 8th grades.
- Explore Algebra and Geometry concepts
- Practice problem solving techniques required for success on standardized tests

CRITICAL THINKING THROUGH READING

- Develop reading comprehension and study skills
- Explore group discussions, vocabulary review, independent reading, and critical analysis of texts
- Practice questions and content encountered on standardized tests

WRITING

- Develop key elements of quality writing
- Explore writing purpose and audience, use of effective vocabulary, sentence structure, and sentence variety
- Practice writing short stories, personal narratives, poetry, and descriptive, persuasive, and informational paragraphs.

We

explore!

ACTIVITIES

Weekly workshops and studies will be centered around a weekly theme. Throughout the week, local professionals will join us to lead workshops and conversations in some of the following fields:

- Studio art · Science & Tech
- Music · World Languages
- Theater · Health & Nutrition
- Athletics · Civics

SERVICE ACTIVITIES

The mission of Scranton Prep - and thus the mission of BUILD - is greatly rooted in a call to serve God and neighbor, especially in our local community. Each Wednesday, BUILD participants will participate in a service project that helps build the Scranton community into a more positive and loving environment. Any necessary waiver and/or permission forms will be distributed the week prior to the service project.

FAMILY ACTIVITIES

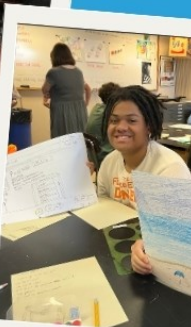

While the daily interactions of BUILD are for middle-school students, the program is designed to help BUILD relationships both within and outside the family unit. Several evening activities - corresponding with the theme of the week - will be offered for a participant's entire family. A full schedule of events will be shared once the program is full.

APPLY TODAY!

BUILD is accepting applications for students who meet the following criteria: student is entering 6th, 7th, or 8th grade; student is academically gifted; student has leadership potential; and student's family demonstrates financial need.

Apply in 3 easy steps:

1. Head to scrantonprep.org/BUILD and fill out the application form.
2. Submit teacher recommendation and copy of most recent report card.
3. Attend family interview with BUILD director upon review of application.
